WEBSITE

Parents, please feel free to check out our web site. It can be reached from the BOE web site. This is a great way to keep up with the news from our school. (www.camden.k12.ga.us)

P.A.W.S.

Parents Always Willing to Support is DLRES's parent organization, and is a vital part of our school. It can show support for the school by organizing activities to benefit all students. These activities may include, but are not limited to, book fairs, festivals, tee-shirt sales, and other fund raising activities. All parents are invited to join. The meeting dates and times will be announced.

PARENT VOLUNTEERS

We appreciate parents that wish to volunteer in school activities and serve as chaperones on field trips. All volunteers AND field trip chaperones must undergo volunteer training provided by our school counselor. Volunteer training dates will be announced at grade level orientations and on our school website. Quarterly trainings will be provided.

GEORGIA SCHOOL COUNCIL

This council has been created for the purpose of providing advice, recommendations, and assistance to the school and representing the community of parents and businesses. Meetings will be held quarterly. The council is composed of teachers, parents, the principal, and a business partner.

CHAPERONES, VISITORS, AND VOLUNTEERS ON CAMPUS

All visitors arriving on campus should report immediately to the office before visiting any individual or any classroom. In order to preserve instructional time and to provide a safe and secure learning environment for all students, no visitors will be permitted in the halls or classrooms between 8:30 a.m. and 3:30 p.m. Exceptions will be made for volunteers, parent conferences, lunch buddies, and other events when the appropriate arrangements are made in advance of the visit. All visitors must sign in and wear an identification sticker while in the school.

UNDERAGE CHILDREN AT DLRES

The instructional day is of the highest importance. Parents may not bring children to the classroom during instruction, class parties, etc. Parents are welcome to bring children under the age of 18 who are not enrolled at DLRES under the following conditions:

- Walking a child to class in the morning before 8:30 a.m.
- Attending a parent conference before or after the school day;
- Eating breakfast or lunch with DLRES children in the cafeteria;
- School assemblies in the cafeteria and/or gym during the school day;
- All school functions outside the school day, including PAWS meetings, festivals, curriculum fairs, etc.

SCHOOL HOURS - 8:30-3:30

Students are not to arrive on campus before 7:50 a.m. unless they are enrolled in the Extended Day Program before school session.

Time Schedule:

Arrival of buses	7:50 a.m.
FREE Breakfast begins	7:50 a.m.
First Bell	8:15 a.m.
Breakfast ends	8:20 a.m.
Classes begin	8:30 a.m. (Tardy Bell)
Dismissal	3:30 p.m.

Second through fifth grade students arriving before 8:05 a.m. are to report to the hall unless they are eating breakfast. Kindergarten through first grade students arriving before 8:05 a.m. should report to the media center. Pre-k students will report to the cafeteria.

TARDY TO SCHOOL

Classroom instruction begins each day at 8:30 a.m. Because many of the basic skills are reviewed each day during the first thirty minutes of school, your child cannot afford to be late. Any student arriving to school beyond this time will be counted tardy and must report directly to the office for a tardy pass.

CHECK-OUT PROCEDURES

When checking your child out of school, please adhere to the following:

- Be prepared to show picture identification.
- Check out your child prior to 3:15 p.m.

- Avoid standing in the hall outside the office to wait for your child.
- Wait in the car rider line if you arrive after 3:15 for check out.
- DO NOT walk up to the canopy to get your child.

CAFETERIA

Whether eating a school lunch or a lunch brought from home, students may not share food with anyone else. Parents, grandparents, and guardians are always welcome to eat with their children, but may not invite other children to eat with them in the parent seating area. Parents may bring underage children to the cafeteria for lunch, space permitting.

TRANSPORTATION CHANGES

To provide the safest environment possible for your children while they attend school, we **do not** accept phone request or faxed information for bus changes. Any changes in the way your child is to go home in the afternoon must be submitted in writing. In your signed request, please include your child's name, your child's teacher's name, the person that will be picking up the child, your contact number and the effective dates of the request. Please send the request in with your child.

CAR RIDER PROCEDURES

Your child's safety is a top priority at David L. Rainer Elementary School. **Please do not drop your child off in the morning prior to 7:50 a.m. Parents whose children are enrolled in Extended Day morning session will need to walk and sign their child in. Also, please do not walk up to the canopy or come into the school's foyer to pick up your child in the afternoon.** Parents should stay in their cars and pull up as far as possible. A staff member will bring or guide your child to the car during afternoon dismissal. Remember, students should be checked out of school prior to 3:15p.m.

PARTY INVITATIONS

Invitations to birthday parties or any other parties are not to be given out at school unless the entire class is to be given one. There will be no exceptions to this policy.

SCHOOL PICTURES

School pictures will be taken in the fall and again in the spring. Class pictures are taken in the spring.

FIELD TRIPS

The purpose of a field trip is to extend learning into the "real world." By definition, a field trip must involve an experience that cannot take place in the classroom. During field trips, students are counted as present at school and must use the approved transportation to/from the field trip. Because each school day begins at school, students must be present in homeroom before the field trip leaves. The only exception is in the instance of an overnight field trip. The school may limit the number of chaperones attending because of space limitations. Parents acting as chaperones may ride the bus, space permitting, but if they drive they cannot transport any students. Chaperones may not bring siblings or other children along during the field trip. Please note that refunds for field trip costs cannot be provided to a student who cannot attend on the day of the trip or after the trip is concluded.

STUDENT FOLDERS/AGENDA BOOKS

Each student will have a folder or agenda book as a way to communicate between home and school. Please check these daily to see assignments, conduct reports, graded work, or any other important information.

PARENT INVOLVEMENT

DLRES encourages parent involvement. Throughout the year, your child's teacher will invite you to attend special events. We hope you will plan to attend these events and support your child's learning experiences.

AFTER-SCHOOL ACTIVITIES

Only those students involved in after-school activities will be allowed to remain on the school campus. Parents should indicate transportation arrangements on the forms and any change in transportation **MUST** be in writing. Students may be excluded from participation in the clubs or activities based on attendance and/or behavior.

STUDENT BEHAVIOR EXPECTATIONS

David L. Rainer Elementary is a PBIS (Positive Behavior Interventions and Support) school. PBIS improves school safety and promotes positive behavior. Your child's safety and well-being is our first priority. We have established expectations throughout the school to ensure that students have a safe learning environment in which to thrive. Expectations for all areas of the school are based on three principles: respect, responsibility and safety.

WE ARE DLR!
We are Respectful
We are Responsible
We are Safe

EXTENDED DAY PROGRAM - [Webpage](#)

Camden County Schools is pleased to offer a before and after-school daycare program to all elementary schools beginning on the first day of school. The program is provided as an extension of the school day and is not available on school holidays or teacher workdays. This program is recreational, not educational, in nature. Hours of operation are from 6:30 until 8:30 a.m. in the mornings and 3:30 until 6:00 p.m. in the evenings. Parents of students with special needs should contact the Extended Day Program Coordinator (729-8301) before attendance begins to develop a care plan that will meet their child's needs. Extended Day Program registration rates are \$45.00/child or \$80.00 for family of two or more. Weekly rates are as follows:

Before school care ONLY:	\$25/week
After school care ONLY:	\$50/week
Before AND after school care:	\$50/week

FOOD ALLOWED TO BE BROUGHT ON CAMPUS

The following procedures have been developed to provide for the health and safety of all students during the school day.

1. No homemade food items will be allowed to be brought on campus to be distributed to students.
2. Parents may bring in food items purchased in a store provided they are packaged and an ingredients label is available.
3. Parents must make arrangements with their child's teacher at least one school day prior to bringing in snacks or food items for a class.
4. Parents must check with their child's teacher for a list of snacks appropriate for that particular classroom.
5. Parents and teachers will be provided with a list of "Healthy School Celebration" options and some suggestions for celebrations that do not include food items.

PLEDGE OF ALLEGIANCE /MOMENT OF REFLECTION - [Policy IKD](#)

In compliance with Georgia law, each school in Camden County shall provide students the opportunity to recite the Pledge of Allegiance to the United States of America flag and participate in a moment of silent reflection.

PARENT/SCHOOL COMMUNICATION

When parents have questions or concerns about their children, the first line of communication should be the classroom teacher. If concerns or questions are not resolved, contact with the school counselor or administrator is appropriate. Meetings with teachers and administrators may be scheduled as needed. Questions or concerns about school policies or procedures should be directed to administrators. If the parent still has concerns about the outcome or response from school administrators, they need to contact system level personnel based on the specific concerns at 912-729-5687.

TELEPHONE CALLING SYSTEMS

In an effort to provide efficient communication to parents, Camden County Schools will continue to use an automatic calling system providing the daily notification of student absences at all school levels. In elementary and middle schools, student attendance will be taken at the start of school. Phone calls indicating student absences will begin shortly after the start of school. A parent/guardian transporting a student to school and arriving after the start of school may receive a phone call indicating the student is absent. These students will be marked tardy for the day, but because of the timing of the tardy, an absence call may go out.

[Title I, Part A – Disadvantaged Children](#) [Elementary and Secondary Education Act](#) [Every Student Succeeds Act](#)

FEDERAL PROGRAM COMPLAINTS

Information regarding federal program complaint procedures can be found [here](#).

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Under the Family Educational Rights and Privacy Act (20 U.S.C. 1232g) the "Act", you have a right to

1. Inspect and review the education records of a student who is your child, or in the case of a student who is eighteen years of age (18) or older, your own education records;
2. Request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of

the student's privacy or other rights;

3. Consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the act and the regulations promulgated pursuant to the Act authorize disclosure without consent.
4. File with the United States Department of Education a complaint under 20 C.F.R. 99.64 concerning the alleged failures by the Camden County Board of Education to comply with the requirements of the Act or the regulations promulgated thereunder;
5. Obtain a copy of the policy which the Board of Education has adopted regarding access to the records. Copies of this policy may be obtained by contacting the Administrative Office of the Camden County Board of Education at 311 S. East Street, Kingsland, Georgia 31548, (912) 729-5687.

ADMINISTRATION OF MEDICINES

Schools will not administer medicine without a medical authorization form which may be completed within our PowerSchool Online Student Registration/Update link.

ANIMALS ON CAMPUS

Due to potential health concerns of students and staff, any animals brought into the schools must receive administrative approval.

INFECTIOUS DISEASES / FEVER PROCEDURE

Camden County Schools will follow the guidelines of the Center for Disease Control (CDC) regarding the spread of infectious diseases. A fever of 100 degrees is the CDC criteria for a child to go home. The child must remain fever free for 24 hours without fever reducing medication before he can return to school.

COMMUNICABLE DISEASE

A student who has a dangerous communicable disease that poses a substantial threat to the health or safety of the school community may be removed from the school by the principal on the approval of the superintendent until such student no longer poses a threat. This also applies to those children who are found to have head lice, chicken pox, impetigo, unknown rashes, and conjunctivitis.

HEAD LICE

In handling head lice, the following procedures shall be followed:

1. When a student is found to be infested with head lice, the student should be sent home immediately with a letter containing recommendations for treatment. When an infested child has siblings (brother, sister, etc.) in the school, the siblings should also be examined.
2. A child will be allowed to stay in school with nits after a phone conversation or conference with the parents.
3. Every child readmitted to school shall be examined upon readmission and again in eight to ten (8 to 10) days after readmission. The reexamination in 8-10 days will determine if reinfestation has occurred. Should the family need any assistance with basic necessities to address the problem a school social worker will be notified.
4. Camden County School System adheres to the Georgia Compulsory Attendance Laws and a child should not miss more than one or two days because of treatment of head lice. If a child is absent more than three days, the principal should notify the school nurse or other school official who can contact the family to get the child treated and back in school.
5. Where it is known that the family does not have an indoor toilet or hot running water, recommending a shampoo treatment is obviously unrealistic. In such a case, the Camden County Health Department or the Medical Clinic at Kings Bay Naval Base should be notified when the student is first sent home.

ACCIDENTS AND INSURANCE - <http://www.markelinsurance.com>

The school is responsible only for immediate first aid. Camden County Schools does not pay any medical or hospital bill incurred as a result of an accident to a student at school. The parent or guardian is responsible for the payment of such bills. We urge you to consider the protection afforded through school insurance. You will be given information regarding various insurance plans during the first week of school. All accidents, no matter how minor, should be reported to the teacher immediately. First aid for minor injuries is available in the school clinic. In the case of severe accidents or acute illness, emergency care will be given and parents will be notified.

BICYCLE SAFETY - [O.C.G.A. 40-6-296](#)

Georgia law requires children under the age of 16 to wear a helmet.

FIRE DRILLS - [Policy EBBC-R](#)

Georgia law requires schools to conduct fire drills monthly. Procedures are established at each school.

EMERGENCY CLOSINGS - [Policy AFC](#) and [Policy AFC-R](#)

In the event of foul weather that would prevent the safe transportation of students to the schools or any other emergency situation that would affect the safety or well-being of students, or otherwise make it impractical or impossible for the normal operation of school, the superintendent, in collaboration with the board of education, will close the schools until said emergency condition no longer exists. Any days lost by such emergency closing will be made up during the school year. In the case of sudden change of weather conditions the safety of students shall be the number one priority. Decisions concerning the early or late dismissal of students will be determined by the severity of the weather conditions and surrounding circumstances. If it is determined that students will be dismissed other than at the regular time of dismissal, all efforts will be made to contact the local media. The school system requests the parents stay tuned to local radio and television stations during inclement weather. Since it would be impossible to individually contact parents, the school system will make every effort to inform these stations if dismissal times are changed.

PARENT PROTOCOL DURING SCHOOL CRISIS

Camden County Schools works closely with local emergency agencies to establish protocols in the case of a crisis. Each school has developed an

Emergency Operations manual in compliance with Georgia law which identifies roles and responsibilities. Parents are urged to follow all directions at the site. You will be instructed to the Family Reunification Site for child pickup. This is the only area designated for parent/student reunification. Please do not approach emergency personnel. Anyone picking up students must have proper picture identification and sign for the children's release.

SECLUSION/RESTRAINT – [Policy JGF\(2\)](#)

The State Department of Education approved Rule 160-5-1-.35 Seclusion and Restraint for All Students, Code JGF(2), O.C.G.A. 20-2-240. The use of physical restraint is prohibited in Georgia public schools and educational programs except in those situations in which the student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other de-escalation techniques. All physical restraint will be immediately terminated when the student is no longer an immediate danger to himself or others or if the student is observed to be in severe distress. The written policies governing the use of physical restraint are outlined in the online policy manual.

VIDEO SURVEILLANCE - [Policy JG\(1\)](#)

The Camden County Board of Education authorizes the use of video camera surveillance on school grounds and in school transportation vehicles in accordance with state policy.

ASBESTOS PLAN

This is to notify all persons who work or attend class in the Camden County Schools that management plans have been developed for friable and non-friable asbestos containing building materials for all buildings in this school system. The management plans show the location of asbestos containing material and assumed asbestos containing material. Anyone may review or retain a copy of these plans. Individual school plans are on file in the principal's office at each school. All plans are on file at the Administrative Office, Maintenance and Operations, Camden County Board of Education, 311 S. East Street, Kingsland, Ga. 31548.

ABSENCES AND EXCUSES – [Policy JBD](#) and [Policy JBD-R](#)

Students shall be in attendance at public schools in accordance with requirements of the compulsory school attendance law and for the number of full-length days prescribed by law.

- A. In accordance with the authority granted by the compulsory school attendance law and the following guidelines, excused absences shall be defined by the policies and regulations of the school system board of education. Children may be temporarily excused from school when
1. personally ill and attendance in school would endanger their health or the health of others;
 2. in their immediate family, there is a serious illness or death which would reasonably necessitate absence from school;
 3. observing special and recognized religious holidays of their faith;
 4. mandated by order of governmental agencies (Examples: pre-induction physical examination for service in the armed forces or a court order);
 5. conditions render attendance impossible or hazardous to student health or safety;
 6. the student registers to vote (one day only);
 7. attending college/career visitations according to the administrative regulations provided in JBD-R;
 8. to visit with a military parent or guardian who has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting. (There will be a maximum of five school days excused for this purpose per school year.); or
 9. any other absence not explicitly herein but deemed by the local board of education to have merit based on circumstances.
- B. Local boards of education shall count students present when they are serving as pages of the General Assembly.
- C. Local boards of education shall count foster care students present when they are required to be in court for foster care related issues.
- D. Local boards of education shall count as present any student who successfully participates in the Student Teen Election Participant (STEP) program. (Maximum of two days per school year)

Absences shall not penalize students' grades; however, all make-up work must be completed.

School days missed as a result of an out of school suspension shall not count as unexcused days for the purpose of determining student truancy.

When there is a cause necessitating an individual student to be excused from school for a portion of the school day, the student shall be released from school only to his parent(s), to a person properly identified to school authorities, or upon request by letter or telephone from the parent(s).

MAKE UP WORK WHEN ABSENT - [Policy JBD](#)

Determining if a student should be allowed to make up work due to an absence from school is a complex issue. Considering that our teachers work to help our students attain success in their classrooms, teachers face a difficult problem if they are forced to penalize students for unexcused absences beyond the students' control. At the same time, it is the responsibility of our school system to prepare a student to successfully enter the workplace as the student completes his/her high school education. A segment of that preparation must focus on making responsible decisions and on being responsible for one's decisions. A valid written excuse (emails and phone calls will not be accepted) must be turned in to the student's homeroom teacher within two days of the last day of the absence or the absence will be considered unexcused. With that in mind, make-up work for student absences shall be as follows:

Grades K- 2

Students who are absent from school will be given the opportunity to make up work missed from any absence. If a student is absent, he/she will be given the number of school days missed plus one to make up the work.

Grades 3-8

Students who are absent from school will be permitted to make up any work missed during the absence. They are allowed the number of days absent, plus one, to make up the missing assignments. Missing work that would lead to a failing grade should be assigned an "I" until the work has been completed.

HOSPITAL/HOMEBOUND PROGRAM – [Policy JBD](#)

Students who have medical problems that prohibit them from attending school for an extended period of time are eligible for the services of the hospital/homebound program. Under this program, the school will provide a teacher to secure assignments/materials from the student's classroom teacher and visit the student in his/her home to provide individual instruction while the student is incapacitated. While a student is being served under this program, he/she will be counted as present in all of his/her classes.

The basic requirements for eligibility in the program include:

1. student must have a certified doctor's statement indicating said student will not be able to attend school for at least ten (10) school days,
2. student's illness must not be communicable, and
3. parents must provide medical updates after the initial 4 week service.

Parents are encouraged to contact the school counselor for additional information or an application for this program.

TARDIES – DISMISSALS

Students who come to school late must report to the office and obtain a late pass. A child may be dismissed early during the school day with parental permission and school approval. The student must be signed out in the front office before leaving. An authorized adult must sign a student out of school. Picture identification is required when picking up a student early from school and may be requested when picking up car riders. To ensure the safety of all students, please limit telephoned transportation changes to emergencies or extenuating circumstances only. Calling to make afternoon transportation changes should not be common practice. Students are not allowed to sign themselves out for the day.

PROGRESS REPORTS & REPORT CARDS - [Calendar](#)

Progress reports and report cards shall be distributed according to the adopted school calendar.

GIFTED EDUCATION - [Policy IDDD](#)

The gifted student is one who demonstrates a high degree of intellectual, creative and/or artistic ability(ies), possesses exceptional leadership skills, or excels in specific academic fields and who needs special instruction and/or special ancillary services in order to achieve at levels commensurate with his/her intellectual ability. The board of education will maintain a school program designed specifically to meet the needs of intellectually gifted students. The superintendent shall have developed the rules and regulations necessary to carry out Georgia State Board of Education Policy 160-4-2-.38.

Nominations for possible placement into the gifted program are often made by classroom teachers; however, any responsible person who has knowledge of a student's intellectual functioning may nominate that student for further consideration. Eligibility for gifted program placement is based upon four categories for assessment (mental ability, achievement, creativity, and motivation) and the performance standards that must be achieved in each for a student to become eligible for gifted education services. Students are served in a variety of programs ranging from a resource (pullout) model to advanced content classes to joint enrollment.

Contact the principal for additional information regarding gifted education services.

INTERNET USAGE BY STUDENTS - [Policy IFBG](#) and [Policy IFBG-R](#)

IMPORTANT NOTE TO PARENTS

Due to the nature of the Internet, it is neither practical nor possible for Camden County Schools to enforce compliance with user rules at all times. Accordingly, parents and students must recognize that students will be required to make independent decisions and to use good judgment when using the Internet. Therefore, parents must communicate their expectations to their children regarding its use.

Internet access is designed for educational purposes and that the school will attempt to discourage access to objectionable materials and communication that are intended to exploit, harass, or abuse students. However, it is impossible for the school district to restrict access to all objectionable material, and the district is not responsible for materials acquired or contacts made on the network.

- A variety of inappropriate and offensive materials are available over the internet and it may be possible for students to access these materials if he/she chooses to behave irresponsibly. It is possible for undesirable or ill-intentioned individuals to communicate with students over the Internet, There is no practical means for the district to prevent this from happening, and students must take responsibility to avoid such communications if they are initiated. The staff can monitor any communications to or from my child on the Internet, however it is not possible for the school to monitor all such communications. The district maintains up to date content filters that meet all requirements of the Children's Internet Protection Act (CIPA).
- Any conduct that is in conflict with these responsibilities is inappropriate, and such behavior may result in the termination of access and possible disciplinary action.
- Google Docs for Education is for instructional purposes and students may have individual Google accounts.

STUDENT RESPONSIBILITY

Students are responsible for abiding by the Camden County Schools' Internet Acceptable Use Policy/Regulation (IFBG/IFBG-R) and guidelines. The use of the Internet and access to it is privilege, not a right:

- The Internet network must be used for appropriate educational purposes and research;
- The Internet network must only be used with the permission of designated school staff;

- Consideration of other users on the network and appropriate language use for school situations is required;
- Internet network services or equipment must not be intentionally degraded or disrupted. (This includes, but is not limited to, tampering with computer hardware or software, vandalizing data, invoking computer viruses, attempting to gain access to restricted or unauthorized network services, bypass filters, access proxy sites, or violating copyright laws.);
- Any security problems or breeches of these responsibilities must be immediately reported to appropriate school system/school staff;
- All rules and expectations regarding internet use must be followed;
- Personal information, such as addresses and telephone numbers, must not be given over the Internet.

Students have no right to privacy when using the district's Internet device or network. Any conduct that is in conflict with these responsibilities is inappropriate and may result in termination of network access and possible disciplinary action.

A student shall not dress, groom, wear, or use emblems, insignias, badges, or other symbols where the effect is distracting to other students or causes disruption or interference with the operation of the school environment. The principal or other duly authorized school official shall determine whether any particular mode of dress, apparel, grooming or use of emblems, insignias, badges, or other symbols result in such interference or disruption. The final determination concerning this policy will rest with the principal. Parents will be called and asked to bring a change of clothing to school when a student has violated the dress code.

ITEMS NOT ALLOWED AT SCHOOL

Items that are either not needed at school or are disruptive to the learning environment are to be left at home. School administrators will make the final determination on items not allowed.

CELL PHONES

Students have no need for cell phones during the school day. (If a student has an emergency and needs to contact his/her parents, the student needs to report to the office and request to use the phone. Office staff or an administrator will determine whether or not the situation is an emergency. Students found in possession or using a cell phone during the school day will be subject to disciplinary action. Refusal to turn over a cell phone to school staff will be considered insubordination. **Confiscated cell phones must be picked up by a parent or guardian. The school accepts no responsibility for lost, damaged or stolen devices. It is not the responsibility of the administration to investigate lost, damaged, or stolen cell phones.**

Any student (or parent or friend of a student) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator or other school system employee is urged to make an oral report of the act to any teacher, counselor or administrator at his/her school.

PROGRESSIVE DISCIPLINE PROCESS

A progressive discipline process is an integral part of an effective school system. It helps correct student behavior and helps bring it within acceptable standards, ensuring a safe and productive school. The goal of progressive discipline has three components:

1. To reform the student and bring his or her conduct within acceptable standards;
2. To deter other students from engaging in similar conduct, and
3. To maintain control over the school as a whole and maintain school standards.

SCHOOL GUIDELINES FOR STUDENT BEHAVIOR

At all times in the school setting students are expected to respect themselves, to respect the adults at the school, to respect the other students in the school, and to respect the property of the school and of others. This applies to anytime the student is at school events or on school property, including the school bus. Teachers will review behavioral expectations for all areas of the classroom and the school. Below are some specific guidelines regarding behavioral expectations:

General Guidelines

1. Students may bring book bags to school. However, book bags are subject to search at the discretion of administrators.
2. Students may not interrupt a class to speak to another student during instructional time.
3. Signs, placards, flyers, and other displays must be approved by the administration prior to posting.
4. No goods may be sold at school without the permission of the administration.
5. Students must pay for lost or damaged textbooks, electronic devices, materials, books, or other school property for which the student is given responsibility.
6. Students are expected to clean up after themselves by placing paper and trash in appropriate containers.

7. Chewing gum is not allowed.
8. No food is allowed outside the cafeteria area without special permission from the administration.

School personnel will review expectations for behavior in the cafeteria, during assemblies, on the playground and on the school bus.

SUSPENSION AGREEMENT

Should a student enroll and the Camden County School System discovers that the student has been suspended (in school suspension or out of school suspension), expelled or recommended for expulsion from another school, the student is subject to being withdrawn from the Camden County School System.

STUDENT BEHAVIOR CODE - [Policy JCDA-R](#)

For the purpose of student handbooks, all policies may not be stated in their entirety. Please use the hyperlinks provided or visit the online policy manual at www.camden.k12.ga.us.

PART A - PURPOSE

The purpose of this code is to provide students in the Camden County School System an effective and safe learning environment. This has been prepared in accordance with the discipline procedures of the Camden County School System. It contains information for school personnel, students, and parents. Included is an outline of expected behaviors and the consequences relating to various violations. Expected behavior is behavior that promotes learning and encourages maturity during the school day, as well as during all school related activities. Off campus behaviors which could result in a student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process apply. Students and their parents need to know and understand this code in order to achieve these goals. Students should:

1. Participate fully in the learning process. Students need to report to school and class on time, attend all regularly scheduled classes, remain in class until excused or dismissed, pay attention to instruction, complete assignments to the best of their ability, and ask for help when needed.
2. Avoid behavior that impairs their own or other students' educational achievement. Students should know and avoid the behaviors prohibited by this code, take care of books and other instructional materials, and cooperate with others.
3. Show respect for the knowledge and authority of teachers, administrators, and other school employees. Students must obey reasonable directions, use acceptable and courteous language, avoid being rude, and follow school rules and procedures.
4. Recognize and respect the rights of other students and adults. All students should show concern for and encouragement of the educational achievements and active participation of others.

Disciplinary actions for violations of expected behaviors will include appropriate hearings and reviews. In all cases, the rights of individuals will be ensured and protected. The Camden County School System will make every reasonable effort to administer the discipline code consistently in all schools. When applicable, individualized plans (i.e. IEP, 504, and CST-Child Study Team) will be reviewed for appropriate consequences. Parent involvement through conference is the most desirable avenue for correcting behavioral problems and will be used when possible. Conferences may stand alone or may be used in conjunction with other forms of discipline. Other disciplinary actions subject to the discretion of the principal may include any or all of the following: conferences (may include student, teacher, parents, or outside agencies), detention, work assignments, suspension of privileges, corporal punishment, placement in the alternative school, OSS (1-10 days), or referral to law enforcement. The State of Georgia has written a law which encourages parents and guardians to inform their children on the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

Discipline Glossary & Law Violation Terms – see policy link for definitions - [Policy JCDA-R](#)

TEACHER REPORTING REQUIREMENT

A teacher shall have the authority, consistent with board policy, to manage his or her classroom, discipline students, and refer a student to the principal or his designee to maintain discipline in the classroom. Any teacher who has knowledge that a student has exhibited behavior which violates the student code of conduct and repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his/her class or with the ability of such student's classmates to learn shall file a report of such behavior with the principal or his designee. The principal and teacher shall thereafter follow the procedures set forth in Georgia law, specifically O.C.G.A. ~20-2-737 through 738. The superintendent or designee shall develop procedures as necessary for implementation of this policy and of state law.

STUDENT SUPPORT PROCESS / CHILD STUDY TEAM

Consistent with the agreement reached in [Georgia State Conference of Branches of NAACP v. Georgia](#) (Ollie Marshall Case), the board of education believes that the child study team (CST) is an effective tool for students experiencing problems in school and for assisting teachers in addressing identified problems. The CST provides services through the regular education program, including instructional planning and consultation that includes those individuals responsible for the educational well-being of the instructional process for planning educational delivery systems. Implementation of CST procedures should occur for any student experiencing problems in school before a referral is made to other supplemental or support services. The board of education defines the CST as an interdisciplinary group that shall engage in a six-step process to include: 1) identification of needs; 2) assessment, if necessary; 3) educational plan; 4) implementation; 5) follow-up and support; 6) continuous monitoring and evaluation.

The purpose of the CST is to improve the delivery of instructional services to students experiencing problems of an academic, social, or behavioral nature in school and to serve as a resource for teachers and other educators in the delivery of these services. The superintendent shall develop regulations and procedures for the implementation of this policy.

The CST is an interdisciplinary group that addresses the needs of students having problems in school. Each school shall have a minimum of one student support team and establish support team procedures. The CST shall include at a minimum the referring teacher and at least one of the following participants: principal, general education teacher, counselor, lead teacher, school psychologist, subject area specialist, media specialist, special education teacher, parent, school social worker, central office personnel, or other appropriate personnel.

Documentation of SST activities shall include the following: student's name, name of team members, meeting dates, identification of student needs, any records of assessment, educational plan and implementation results, follow-up, and as appropriate, continuous evaluation.

Guidance Services

The guidance services help provide personal opportunities and specialized staff services so that each individual can develop to the fullest of his/her abilities and capacities. The counselors are available for consultation with students, teachers, and parents concerning students' problems. Personal counseling is one of the main functions of the department. Students with problems come either voluntarily or by referral from teachers, administrators, or parents.

PROGRESSIVE DISCIPLINE PROCESS

A progressive discipline process is an integral part of an effective school system. It helps correct student behavior and helps bring it within acceptable standards, ensuring a safe and productive school. The goal of progressive discipline has three components:

1. To reform the student and bring his or her conduct within acceptable standards,
2. To deter other students from engaging in similar conduct, and
3. To maintain control over the school as a whole and maintain school standards.

STATEMENT OF STUDENT MISCONDUCT

These rules are designed to notify students as to the types and range of behaviors that are unacceptable; nevertheless, every specific variation of the prohibited conduct may not have been included. Consequently, students should expect to be disciplined for misconduct that is inappropriate. A specific rule need not be written for every conceivable variation of behavior that directly affects the orderly mission of the school. Minor offenses in the classroom, lunchroom, and hallway will be handled at the discretion of the teachers and administrators. Teachers are given authority to assign detention after and before school and during lunch and during recess in elementary schools. Teachers will also conference with students, parents, and administrators as part of disciplinary action taken against disruptive behavior.

Disciplinary Action Plan

Depending upon the age of the student, the administration will choose the age-appropriate discipline plan. Progressive discipline processes and types of consequences used may vary depending upon whether the student attends a high school, middle school, or elementary school.

Student discipline is assigned based on the severity and/or frequency of code violations. Serious offenses have more severe, age-appropriate discipline. This means that a serious or major offense should result in a higher level of discipline even if the offense is the first of that kind. Repeated code violations result in the application of higher levels of discipline as determined by the principal or designee.

CONSEQUENCES OF STUDENT MISCONDUCT

Local school administrators have broad discretion to determine consequences for student misconduct at the local school level. The range of consequences for misconduct that can be assigned by a local school administrator may include without limitation, student conference, warning letter, parent conference, lunch detention, before or after school detention, Saturday school detention, bus suspension, ISS, OSS, and alternative school. A student could be referred to a disciplinary tribunal which may result in long-term suspension or expulsion, and depending upon the severity of the offense, juvenile court or law enforcement may be contacted. Administrators must acquire parental permission before administering corporal punishment.

STUDENT BEHAVIOR CODE The following rules apply while students are:

1. on the school grounds at any time;
2. off the school grounds at a school activity, function, or event;
3. enroute to and from school or to or from a school activity, function, or event, on school transportation;
4. off the school grounds while the student is in attendance at any school function, or is engaged in
5. activity that could have a direct effect on the orderly function of the school, or is otherwise subject to
6. the jurisdiction of school authorities; and/or
7. off the school grounds when the misconduct is directed at a school student or employee and is related to the victim's school affiliation or when the off-campus misconduct directly affects the safety and welfare of the school community or the orderly mission and function of the school.

- i. Dress, groom, wear, or use emblems, insignia, badges, or other symbols where the effect thereof is to distract the attention of other students or cause disruption or interference with the operation of the school. The principal or other duly authorized school official shall determine if symbols result in such interference or disruption as to violate this rule. Rules concerning dress codes and procedures will be discussed in more detail in each school's student handbook.

The tribunal shall submit its findings and recommendation to the Camden County Board of Education for imposition of punishment. The board of education may follow the recommendations of the tribunal or impose penalties not recommended by the tribunal.

A student found by a tribunal to have committed an act of physical violence against a teacher, school bus driver, school official, or school employee involving intentional physical contact of an insulting or provoking nature shall be disciplined by expulsion, long-term suspension, or short-term suspension. In cases where the physical violence involves intentionally making physical contact which causes physical harm (unless such contact is in self defense), the student shall be expelled from the school system for the remainder of the student's eligibility to attend public school. It is further mandated that students who are found guilty of the "causing physical harm" variety of physical violence be referred to juvenile court with a request for a petition alleging delinquent behavior. The board of education has some discretionary power regarding students in kindergarten through grade 5 since there is no alternative school for students in those grades.

Any person who commits the offense of battery against a teacher or other school personnel engaged in the performance of official duties or while on school property shall, upon conviction thereof, be punished by imprisonment for not less than one nor more than five years or a fine of not more than \$10,000.00, or both.
