MMGW: Making Middle Grades Work-- Fall 2014
STEM: Science Technology Engineering and Math-- Spring 2017

VISION

The faculty and staff at St. Marys Middle School are committed to the educational success of middle school students in preparation for graduation, achievement of lifelong goals and contributions to society.

MISSION

We will ensure educational excellence in a safe and nurturing environment where all students can reach their potential to become productive citizens.

BELIEFS

1. Everyone can learn.
2. Education is a major building block for success.
3. Education is the shared responsibility of the school personnel, students, parents, and community.
4. Accountability is essential and applies to everyone.
5. Everyone deserves a safe learning environment.
6. Strength comes from diversity of people, resources and programs.
7. Effective operations ensure a quality environment.
8. Students have the right to a highly qualified, motivated and talented teacher who holds high expectations.
9. Progress comes from willingness to change.
10. Everyone will be a good steward of entrusted educational resources.

PHILOSOPHY

Because we recognize that the early adolescent years are a transitional period in which boys and girls possess unique characteristics and needs, the middle schools have adopted the following philosophy and objectives. The pre-adolescent period is a distinct and crucial period of individual development—physically, intellectually, socially, emotionally and aesthetically. As the student passes through this period of all —encompassing and powerful changes, he/she is faced with the task of making significant progress toward becoming an independent person, of learning to work with others, and of organizing his/her knowledge of the world around him/her. Assuming the uniqueness of this period of human growth and development, a period characterized by immense variability among learners, we recognize the need to provide for the students in Camden County an educational program focusing on the individual child in his transition from childhood to adolescence. SMMS seeks to provide for pre- and early adolescents a program that is relevant both to the student’s individual needs and to the demands of society in a world where there is constant change and a rapidly expanding body of knowledge. Our goal is to assist in the continuing development of self-directing individuals. SMMS must provide an educational environment in which the child has opportunities for success. Such an environment must facilitate communication and interaction and afford opportunities for meeting interpersonal needs.

EXPECTATIONS AND CORE VALUES: CATS

Students are expected to follow C.A.T.S. positive core values set forth in the PBIS discipline plan:

Choose Wisely Act Responsibly Take Ownership Show Respect

MMGW (Making Middle Grades Work)

The MMGW key practices provide direction and meaning to comprehensive improvement for increased student achievement.

Aligned academic core: Provide rigorous content in all middle grades academic core classes, and align core classes with performance standards that clearly state what students must know, understand and be able to do to succeed in college-preparatory P.E./health, art, band, and science courses in high school. Enroll middle grades students in core curricula that accelerate their learning, challenge them and appeal to their interests.

Engaging classroom practices: Design classroom practices and instructional strategies to engage students intellectually, emotionally, behaviorally, and socially in learning rigorous academic content. Young adolescents need varied learning activities linked to challenging academic content and opportunities to use newly acquired skills and concepts in hands-on, real-world applications so that they can understand and explain their interests, talents and aspirations.

Literacy across the curriculum: Embed reading and writing standards and strategies for learning into all courses to advance academic and reading achievement and to help students become independent learners. Provide reading instruction in all academic curricula through grade eight and utilize research-based literacy strategies across content areas.

High expectations and a system of extra help and time: Hold students to grade-level standards aligned to readiness standards for high school, college and careers. Organize time and resources to ensure students receive before/after school remediation and acceleration needed to meet high standards and expectations. Middle grades students learn in different ways and at different rates, and some will need more time and help to meet more grade level standards. The complete middle grades curriculum should be focused on accelerating achievement for all students.

Intervention program for at-risk students: Identify at-risk students in grades six, seven and eight who need accelerated instruction in mathematics, language arts and reading to be prepared for college-preparatory high school course work, and implement strategies and programs that target their needs.

Comprehensive system of guidance and advisement that involves parents: Engage teachers, students and parents in a comprehensive program that leads to a successful transition to high school. Involve parents in the school improvement process by informing them of the school's mission and assisting them to understand the higher standards of performance now required of middle grades students and to support students to make greater effort and work hard.

Teachers working together: Provide teachers with time and support to work together — within and across disciplines — to integrate mathematics and literacy concepts across the curriculum, analyze teacher assignments and student work, and help students succeed in challenging academic and exploratory studies.

Quality professional development to support teachers: Provide teachers with extensive, ongoing professional development on research-based instructional practices aligned with the school's mission and school improvement plan. Today's teachers must acknowledge that student failure is no longer acceptable and that they need extensive content knowledge coupled with effective, research-based teaching strategies to incorporate rigorous, engaging assignments and activities, and formative and summative assessments into their instruction.

Use of technology for learning: Middle grades classrooms in all subject areas should view technology as a tool for learning. Schools can support teachers to plan units of instruction that allow students to conduct research, write papers, communicate globally, prepare presentations using electronic tools and resources, and explore the use of technology to address an array of contemporary problems and projects linked to a range of broad career areas.

Continuous improvement through strong leadership: Develop strong instructional leaders who take an active role in engaging teachers in continuous improvement of school and classroom practices. Middle grades schools need effective principals who encourage, support and actively participate with teachers in planning and implementing research-based school improvement strategies. Schools must continuously gather and use data on student, school and teacher performance to review and revise school and classroom practices as needed. SMMS was certified a MMGW school in 2014.

STEM & PBL (Science, Technology, Engineering and Math/Problem Based Learning)

The Georgia Department of Education, Camden County BOE, and SMMS are dedicated to preparing students for 21st Century workplace careers by providing high quality educational opportunities in science, technology, engineering, and mathematics (STEM) fields. In Georgia, STEM education is defined as an integrated curriculum (as opposed to science, technology, engineering, and mathematics taught in isolation) that is driven by problem solving, discovery, exploratory project/problem-based learning, and student-centered development of ideas and solutions. The saturation of technology in most fields means that all students – not just those who plan to pursue a STEM profession – will require a solid foundation in STEM to be productive members of the workforce. SMMS was certified as a programmatic STEM school in 2017.

PURPOSE OF STUDENT AGENDA

This student agenda is designed to serve as a means to communicate important information regarding school rules and procedures to St. Marys Middle School parents and students. It also serves as a guide to students throughout the school day and can be an important means of communication between school and parent. One copy of the student agenda will be provided to each student on their first day. **Students are responsible for maintaining their student agenda and should not cut or fold the pages or otherwise damage the agenda.** If a student damages or loses his or her student agenda, they can purchase another agenda for \$5.00. The agenda is used as a pass and to record daily assignments.

HOURS OF OPERATION:

The school day begins at 7:40 a.m. Students who are not in class by 7:40 will be considered tardy. Students desiring to eat breakfast should be in the cafeteria by 7:20 a.m. School dismisses at 2:40 p.m.

ABSENCES/TARDIES/MAKE-UP WORK

Students who are absent from school must turn in a written excuse to the attendance clerk upon returning to school (or within 2 days) to receive an excused absence. Students who are tardy to school must report to the attendance window to receive a tardy pass. Excused absences and tardies to school include:

- personally ill and attendance in school would endanger their health or the health of others;
- in their immediate family, there is a serious illness or death which would reasonably necessitate absence from school;
- observing special and recognized religious holidays of their faith;
- mandated by order of governmental agencies (Examples: pre-induction physical examination for service in the armed forces or a court order);
- conditions render attendance impossible or hazardous to student health or safety;
- the student registers to vote (one day only);
- attending college/career visitations according to the administrative regulations provided in JBD; or
- to visit with a military parent or guardian who has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting.

- all excused absences are left to the discretion of the principal.

CHEATING

If a student is caught cheating on a graded assignment or assessment, the consequence will be determined on a case-by-case basis.

ZERO PERIOD

This time in the morning, Monday through Friday, 6:55-7:25, is for students to receive academic remediation, acceleration and/or mentoring. Students are to pick-up their breakfast and go to the classroom for instruction.

AFTER SCHOOL TUTORING

This time in the afternoon, Thursdays, 2:45-3:45, is for students to receive academic instruction in ELA and/or math and 8th grade science and social studies.

STUDENT BACK PACKS/DRAWSTRNG BAGS/ATHLETIC EQUIPMENT BAGS

Students are allowed to have book bags or drawstring bags. Both are acceptable to carry from class to class. Athletic equipment bags are to be taken to the designated area (secure/locked) in the gym when athletes enter the building.

CELL PHONES

Students have no need for cell phones during the school day. (If a student has an emergency and needs to contact his/her parents, the student needs to report to the office and request to use the phone. Office staff or an administrator will determine whether or not the situation is an emergency. Students found in possession or using a cell phone during the school day will be subject to disciplinary action. Refusal to turn over a cell phone to school staff will be considered insubordination. **Confiscated cell phones must be picked up by a parent or guardian. The school accepts no responsibility for lost, damaged or stolen devices. It is not the responsibility of the administration to investigate lost, damaged, or stolen cell phones.**

ELECTRONIC DEVICES

A student may not use personal electronic devices, including but not limited to earbuds, headphones, and cameras, iWatches, tablets, etc., during the instructional day without teacher and administrator consent for instructional purposes only. Earbuds and headphones must not be visible or in use in the hallways at any time during school hours. A student found in violation of this prohibition shall be subject to disciplinary action. School administration may determine appropriate consequences for violation of this rule. Cameras include but are not limited to digital, video, cell phone, I-pod etc.

Students will not take photos or videos of any type with any device while in the school building, on school grounds, on the bus, at the bus stop or at any other school sponsored activity.

Any student found in violation of this rule can be suspended from school (OSS) for as many as five days.

ITEMS NOT ALLOWED AT SCHOOL

Since our purpose of coming to school is to learn, the following items are to be left at home: e-cigarettes, vapors, gum, drugs; water guns, balloons, fireworks, toy guns, stink bomb, chains; skateboards or skates; hair paint or aerosol hair spray; any type of tobacco product; hats, bandanas, or caps; no firearms, including starter pistols; toys of any description; playing cards; pepper spray, mace, tear gas, chemical sprays; knives, razor blades, scissors or any other sharp object; lighters, matches or other flammable objects; aerosol cans; pornographic material; lasers; or any other items that cause a disruption of the learning environment. Although non-aerosol hair spray, make-up, perfumes, colognes, after-shaves, lotions, may be brought to school in a non-glass container, they are NOT to be used in the classroom or hallway.

WALKERS/BIKE RIDERS/CAR RIDERS

Students will be dismissed at 2:40 PM. Sidewalks are provided along the entrance to the school from Martha Drive and also along Charlie Smith Highway for students who walk or ride bikes to school. Walkers and bike riders should enter and exit the school using the cafeteria entrance. Bike riders are NOT to ride their bikes on the sidewalk. Walkers and bike riders should leave campus when dismissed.

CHANGE IN DISMISSAL

Written permission (no phone messages) by parent note, fax or parent email is required to change the way a child normally leaves school in the afternoon. **The school's fax number is 912-882-5473. Parents should call and verify that the school received the parent note/fax/parent email if one is sent.**

LEAVING SCHOOL DURING SCHOOL HOURS

Early dismissals are discouraged, but if it becomes necessary for a student to leave school during the day, arrangements should be made before leaving home, and the procedure outlined below should be followed:

1. The person picking a student up should come to the front office and sign the student out. No student is permitted to leave school early without being signed out and properly dismissed through the school's office. **The person picking the student up must be on the student's pickup list and present a valid picture ID each time a student is checked out.**
2. If a student returns to school the same day after checking out, he/she is to report to the office with a doctor or dental appointment verification slip.

3. In case of illness, the student should report to the nurse's station. If the student's illness requires that he/she leave school, the parent or guardian will be called and a secretary will release the student after the parent or guardian signs the student out using the procedure outlined in #1.

Students who are checked out of school an excessive number of times may be required to provide the same excuses that are required of students who are tardy to school. Students cannot be checked out of school after 2:10 PM. Students cannot be retrieved from the bus.

BUS PASS PROCEDURE

If a student is to get off his/her bus at a point other than his/her regular stop or must ride a different bus than normal, the **student MUST have a note signed by his/her parents or guardian indicating where he/she is to get off the bus**. The note must include a phone number so it can be verified. This note is to be taken to student services **before homeroom**. Students will pick up their bus pass at lunch from student services. The signed parent/guardian note will be exchanged for a bus pass signed by the principal or designee. **Bus drivers do not accept handwritten notes**. They will only accept a bus pass the student received from the main office. Students cannot be retrieved from the bus.

P.E. RULES & DRESS

All students enrolled in physical education classes are expected to participate whether they elect to dress out or not. Students who choose to dress out should wear a t-shirt with sleeves and shorts, leggings, joggers, or sweatpants and appropriate shoes. Students **MUST** dress back in at the end of P.E. class. PE clothing will be kept in the PE lockers in the gym. Students are allowed to go their P.E. locker during P.E, at the beginning or end of the day.

MEDIA CENTER

Students may come to the Media Center with an agenda. Students may borrow up to two books at a time with a two-week borrowing period. Students agree to take good care of books and return them on time. Overdue fines, in accordance with county policy, shall be five cents per day. Notices of overdue books and fines will be distributed with report cards and upon request by administrators, teachers, students, or parents. A student with an outstanding fine or overdue book shall not have the privilege of borrowing another book until the book is returned or the fine is paid. Hours of operation are from 7:00 AM to 3:00 PM.

ATHLETIC HANDBOOK

Please see student athletic handbook for additional regulations.

CAFETERIA GUESTS

Parents are welcome to join their student(s) for lunch. Parent and student may sit at the round tables in the upper tier of the cafeteria (look for signs). If the parent brings food to share with other students they must be on the pick-up list or bring a note from the other student's parents.

BOBCAT TIME

The time awarded to students after lunch is a time for conversing with classmates.

- Conversations are to be appropriate in nature.
- Students are to remain in their area.
- Students are **NOT** to stand/walk on the curb, planters, or grass.
- Students **MAY** sit on the curb or planters.
- Students **MUST** keep their hands, feet, and objects to themselves.
- Running is **NOT** allowed.
- Finish all food (including ice cream) before exiting the cafeteria.

WATER BOTTLES

Students are encouraged to carry water throughout the day. The water bottle may be clear plastic (no glass) and contain **ONLY** water. No additives such as Crystal Light, etc. should be used in the learning environment of the classroom.

SMMS DRESS CODE: DRESS FOR SUCCESS

Students at St. Marys Middle School are expected to continue a tradition of appropriate dress for school and school-related events. There appears to be a definite relationship between appropriate dress, good work habits, and proper school behavior. Recognizing the relationship between personal dress and personal attitude, students are encouraged to dress in a manner that demonstrates pride both in themselves and SMMS.

SMMS is a high-achieving MMGW/STEM middle school. We expect our students to be dressed for an academic atmosphere of purposeful learning and responsible citizenship. Extreme styles in clothing and grooming may be detrimental to the maintenance of discipline and morale in school. The principal and her administrative staff are responsible for determining and enforcing regulations governing proper dress and grooming of students. Any type of dress or grooming which is disruptive will not be permitted.

Students should wear clothing appropriate for the learning environment. For example, leggings are permitted; however, the top or dress **MUST** meet the rule of 4 inches above the knee. Students' underclothing must **NOT** be visible; for example, boys may **NOT** wear sagging pants and girls may **NOT** wear clothing in which their undergarments are visible. Students must be careful of the style of jeans with holes. Holes above the knee may **NOT** show the student's skin. Also keep in mind that although fashionable, cold shoulder dresses and tops are **NOT** appropriate for the learning environment. Blankets may **NOT** be worn as outer wear. Shoes are an integral part of student safety. We ask that your Bobcat not wear rubber flip flops or bedroom slippers to school.

It is within this spirit of educational excellence we ask your SMMS Bobcat student to dress for success and safety!

****No inappropriate insignias, emblems, badges, bandanas or other clothing/symbols which may cause the interruption of instruction****

Since it is virtually impossible to address the appropriateness for school of every article of clothing, school administrators have the authority to interpret the dress code and make a case-by-case determination for appropriateness of dress and appearance that is or is not covered in these dress code guidelines. Additionally, administrators may make occasional school wide exceptions to these standards for such events as "hat day".

Please refer to the School Nutrition Program [webpage](#) for additional information

FOOD ALLOWED TO BE BROUGHT ON CAMPUS

The following procedures have been developed to provide for the health and safety of all students during the school day.

1. No homemade food items will be allowed to be brought on campus to be distributed to students.
2. Parents may bring in food items purchased in a store provided they are packaged and an ingredients label is available.
3. Parents must make arrangements with their child’s teacher at least one school day prior to bringing in snacks or food items for a class.
4. Parents must check with their child’s teacher for a list of snacks appropriate for that particular classroom.
5. Parents and teachers will be provided with a list of “Healthy School Celebration” options and some suggestions for celebrations that do not include food items.

PLEDGE OF ALLEGIANCE /MOMENT OF REFLECTION - [Policy IKD](#)

In compliance with Georgia law, each school in Camden County shall provide students the opportunity to recite the Pledge of Allegiance to the United States of America flag and participate in a moment of silent reflection.

PARENT/SCHOOL COMMUNICATION

When parents have questions or concerns about their children, the first line of communication should be the classroom teacher. If concerns or questions are not resolved, contact with the school counselor or administrator is appropriate. Questions or concerns about school policies or procedures should be directed to administrators. If parents still have concerns about the outcome or response from school administrators, they need to contact system level personnel based on the specific concerns at 912-729-5687.

TELEPHONE CALLING SYSTEMS

In an effort to provide efficient communication to parents, Camden County Schools will continue to use an automatic calling system providing the daily notification of student absences at all school levels. In elementary and middle schools, student attendance will be taken at the start of school. Phone calls indicating student absences will begin shortly after the start of school. A parent/guardian transporting a student to school and arriving after the start of school may receive a phone call indicating the student is absent. These students will be marked tardy for the day, but because of the timing of the tardy, an absence call may go out.

DIRECTORY INFORMATION

Camden County Schools has designated the following information as directory information: student’s name, address, and telephone number; date and place of birth; participation in official school clubs and sports; weight and height of student if he/she is a member of an athletic team; dates of attendance at the school system schools; awards received during the time enrolled in the Camden County School System. Unless otherwise requested within 10 days after enrollment, the information above may be disclosed to the public.

USE OF STUDENT PHOTOGRAPHS/VIDEO FOOTAGE

The Camden County School System utilizes student photographs/video footage to recognize students for awards and achievements and to publicize school activities and events. Unless otherwise requested within 10 days after enrollment, photographs/video footage of your child or you may be used for the purposes indicated above.

SOCIAL WORK SERVICES

School Social Work Services are available to all Camden County students and their families. Occasionally students may experience difficulties which negatively affect their behavior, school attendance and/or academic performance. School social workers provide assistance in helping families and students bridge the channels between home, school, and community resources in order to improve student's educational opportunities. School personnel can make referrals to social workers when there is the need for additional support. Parents and students may also contact the school social worker at 729-5687 for assistance.

ADMINISTRATION OF MEDICINES

Schools will not administer medicine without a medical authorization form which may be completed within our PowerSchool Online Student Registration/Update link.

ANIMALS ON CAMPUS

Due to potential health concerns of students and staff, any animals brought into the schools must receive administrative approval.

COMMUNICABLE DISEASE

A student who has a dangerous communicable disease that poses a substantial threat to the health or safety of the school community may be removed from the school by the principal on the approval of the superintendent until such student no longer poses a threat. This also applies to those children who are found to have head lice, chicken pox, impetigo, unknown rashes, ringworm, and conjunctivitis.

ACCIDENTS AND INSURANCE - <http://www.markelinsurance.com>

The school is responsible only for immediate first aid. Camden County Schools does not pay any medical or hospital bill incurred as a result of an accident to a student at school. The parent or guardian is responsible for the payment of such bills. We urge you to consider the protection afforded through school insurance. You will be given information regarding various insurance plans during the first week of school. All accidents, no matter how minor, should be reported to the teacher immediately. First aid for minor injuries is available in the school clinic. In the case of severe accidents or acute illness, emergency care will be given and parents will be notified.

BICYCLE SAFETY - [O.C.G.A. 40-6-296](#) Georgia law requires children under the age of 16 to wear a helmet.

FIRE DRILLS - [Policy EBBC-R](#)

Georgia law requires schools to conduct fire drills monthly. Procedures are established at each school.

EMERGENCY CLOSINGS - - [Policy AFC](#) and [Policy AFC-R](#)

In the event of foul weather that would prevent the safe transportation of students to the schools or any other emergency situation that would affect the safety or well-being of students, or otherwise make it impractical or impossible for the normal operation of school, the superintendent, in collaboration with the board of education, will close the schools until said emergency condition no longer exists. In the case of sudden change of weather conditions, the safety of students shall be the number one priority. Decisions concerning the early or late dismissal of students will be determined by the severity of the weather conditions and surrounding circumstances. If it is determined that students will be dismissed other than at the regular time of dismissal, all efforts will be made to contact the local media. The school system requests parents stay tuned to local radio and television stations during inclement weather. Since it would be impossible to individually contact parents, the school system will make every effort to inform these stations if dismissal times are changed.

PARENT PROTOCOL DURING SCHOOL CRISIS

Camden County Schools works closely with local emergency agencies to establish protocols in the case of a crisis. Each school has developed an Emergency Operations manual in compliance with Georgia law which identifies roles and responsibilities. Parents are urged to follow all directions at the site. You will be instructed to the Family Reunification Site for child pickup. This is the only area designated for parent/student reunification. Please do not approach emergency personnel. Anyone picking up students must have proper picture identification and sign for the children's release.

SECLUSION/RESTRAINT - [Policy JGF\(2\)](#)

The State Department of Education approved Rule 160-5-1-.35 Seclusion and Restraint for All Students, Code JGF(2), O.C.G.A. 20-2-240. The use of physical restraint is prohibited in Georgia public schools and educational programs except in those situations in which the student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other de-escalation techniques. All physical restraint will be immediately terminated when the student is no longer an immediate danger to himself or others or if the student is observed to be in severe distress. The written policies governing the use of physical restraint are outlined in the online policy manual.

ABSENCES AND EXCUSES – [Policy JBD](#) and [Policy JBD-R](#)

Students shall be in attendance at public schools in accordance with requirements of the compulsory school attendance law and for the number of full-length days prescribed by law.

A. In accordance with the authority granted by the compulsory school attendance law and the following guidelines, excused absences shall be defined by the policies and regulations of the school system board of education.

Children may be temporarily excused from school when

1. personally ill and attendance in school would endanger their health or the health of others;
2. in their immediate family, there is a serious illness or death which would reasonably necessitate absence from school;
3. observing special and recognized religious holidays of their faith;
4. mandated by order of governmental agencies (Examples: pre-induction physical examination for service in the armed forces or a court order);

7. attending college/career visitations according to the administrative regulations provided in JBD-R;
8. to visit with a military parent or guardian who has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting. (There will be a maximum of five school days excused for this purpose per school year.); or

When there is a cause necessitating an individual student to be excused from school for a portion of the school day, the student shall be released from school only to his parent(s), to a person properly identified to school authorities, or upon request by letter or telephone from the parent(s).

MAKE UP WORK WHEN ABSENT - [Policy JBD](#)

Determining if a student should be allowed to make up work due to an absence from school is a complex issue. Considering that our teachers work to help our students attain success in their classrooms, teachers face a difficult problem if they are forced to penalize students for unexcused absences beyond the students' control. At the same time, it is the responsibility of our school system to prepare a student to successfully enter the workplace as the student completes his/her high school education. A segment of that preparation must focus on making responsible decisions and on being responsible for one's decisions. A valid written excuse (emails and phone calls will not be accepted) must be turned in to the student's homeroom teacher within two days of the last day of the absence or the absence will be considered unexcused. With that in mind, make-up work for student absences shall be as follows:

Grades 3-8

Students who are absent from school will be permitted to make up any work missed during the absence. They are allowed the number of days absent, plus one, to make up the missing assignments. Missing work that would lead to a failing grade should be assigned an "I" until the work has been completed.

Consequences for Excessive Absences Grades 6-8

Any student who misses more than seven (7) days (excused and/or unexcused) during a given semester may be ineligible for participation in any extracurricular activities held during the remainder of the semester in which the absences took place. Examples: athletic contests, fine arts productions and competitions, dances, prom, literary competitions, band competitions, etc.

HOSPITAL/HOMEBOUND PROGRAM – [Policy JBD](#)

Students who have medical problems that prohibit them from attending school for an extended period of time are eligible for the services of the hospital/homebound program. Under this program, the school will provide a teacher to secure assignments/materials from the student's classroom teacher and visit the student in his/her home to provide individual instruction while the student is incapacitated. While a student is being served under this program, he/she will be counted as present in all of his/her classes.

The basic requirements for eligibility in the program include:

1. student must have a certified doctor's statement indicating said student will not be able to attend school for at least ten (10) school days,
2. student's illness must not be communicable, and
3. parents must provide medical updates after the initial 4 week service.

Parents are encouraged to contact the school counselor for additional information or an application for this program.

TARDIES – DISMISSALS

The student must be signed out in the front office before leaving. An authorized adult must sign a student out of school. Picture identification is required when picking up a student early from school and may be requested when picking up car riders. To ensure the safety of all students, please limit telephoned transportation changes to emergencies or extenuating circumstances only. Calling to make afternoon transportation changes should not be common practice. Students are not allowed to sign themselves out for the day.

INTERNET USAGE BY STUDENTS - [Policy IFBG](#) and [Policy IFBG-R](#)

IMPORTANT NOTE TO PARENTS

Due to the nature of the Internet, it is neither practical nor possible for Camden County Schools to enforce compliance with user rules at all times. Accordingly, parents and students must recognize that students will be required to make independent decisions and to use good judgment when using the Internet. Therefore, parents must communicate their expectations to their children regarding its use.

Internet access is designed for educational purposes and that the school will attempt to discourage access to objectionable materials and communication that are intended to exploit, harass, or abuse students. However, it is impossible for the school district to restrict access to all objectionable material, and the district is not responsible for materials acquired or contacts made on the network.

- A variety of inappropriate and offensive materials are available over the internet and it may be possible for students to access these materials if he/she chooses to behave irresponsibly. It is possible for undesirable or ill-intentioned individuals to communicate with students over the Internet, There is no practical means for the district to prevent this from happening, and students must take responsibility to avoid such communications if they are initiated. The staff can monitor any communications to or from my child on the Internet, however it is not possible for the school to monitor all such communications. The district maintains up to date content filters that meet all requirements of the Children’s Internet Protection Act (CIPA).
- Any conduct that is in conflict with these responsibilities is inappropriate, and such behavior may result in the termination of access and possible disciplinary action.
- Google Docs for Education is for instructional purposes and students may have individual Google accounts.

STUDENT RESPONSIBILITY

Students are responsible for abiding by the Camden County Schools’ Internet Acceptable Use Policy/Regulation (IFBG/IFBG-R) and guidelines. The use of the Internet and access to it is privilege, not a right:

- The Internet network must be used for appropriate educational purposes and research;
- The Internet network must only be used with the permission of designated school staff;
- Consideration of other users on the network and appropriate language use for school situations is required;
- Internet network services or equipment must not be intentionally degraded or disrupted. (This includes, but is not limited to, tampering with computer hardware or software, vandalizing data, invoking computer viruses, attempting to gain access to restricted or unauthorized network services, bypass filters, access proxy sites, or violating copyright laws.);
- Any security problems or breeches of these responsibilities must be immediately reported to appropriate school system/school staff;
- All rules and expectations regarding internet use must be followed;
- Personal information, such as addresses and telephone numbers, must not be given over the Internet.

Students have no right to privacy when using the district’s Internet device or network. Any conduct that is in conflict with these responsibilities is inappropriate and may result in termination of network access and possible disciplinary action.

DRESS CODE

A student shall not dress, groom, wear, or use emblems, insignias, badges, or other symbols where the effect is distracting to other students or causes disruption or interference with the operation of the school environment. The principal or other duly authorized school official shall determine whether any particular mode of dress, apparel, grooming or use of emblems, insignias, badges, or other symbols result in such interference or disruption. The final determination concerning this policy will rest with the principal. Parents will be called and asked to bring a change of clothing to school when a student has violated the dress code.

ITEMS NOT ALLOWED AT SCHOOL

Items that are either not needed at school or are disruptive to the learning environment are to be left at home. School administrators will make the final determination on items not allowed. Cell phones provided by parents for their children are not to be used during school hours.

STUDENT REPORTING OF ACTS OF SEXUAL ABUSE OR SEXUAL MISCONDUCT

Any student (or parent or friend of a student) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator or other school system employee is urged to make an oral report of the act to any teacher, counselor or administrator at his/her school.

PROGRESSIVE DISCIPLINE PROCESS

A progressive discipline process is an integral part of an effective school system. It helps correct student behavior and helps bring it within acceptable standards, ensuring a safe and productive school. The goal of progressive discipline has three components: 1. To reform the student and bring his or her conduct within acceptable standards; 2. To deter other students from engaging in similar conduct, and 3. To maintain control over the school as a whole and maintain school standards.

SCHOOL GUIDELINES FOR STUDENT BEHAVIOR

At all times in the school setting students are expected to respect themselves, the adults at the school, other students and their property, and school property. This applies to anytime the student is at school events or on school property, including the school bus. Teachers will review behavioral expectations for all areas of the school.

SUSPENSION AGREEMENT

Should a student enroll and the Camden County School System discovers that the student has been suspended (in school suspension or out of school suspension), expelled or recommended for expulsion from another school, the student is subject to being withdrawn from the Camden County School System.

STUDENT BEHAVIOR CODE - [Policy JCDA-R](#)

For the purpose of student handbooks, all policies may not be stated in their entirety. Please use the hyperlinks provided or visit the online policy manual at www.camden.k12.ga.us.

PART A - PURPOSE

The purpose of this code is to provide students in the Camden County School System an effective and safe learning environment. This has been prepared in accordance with the discipline procedures of the Camden County School System. It contains information for school personnel, students, and parents. Included is an outline of expected behaviors and the consequences relating to various violations. Expected behavior is behavior that promotes learning and encourages maturity during the school day, as well as during all school related activities. Off campus behaviors which could result in a student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process apply. Students and their parents need to know and understand this code in order to achieve these goals. Students should:

1. Participate fully in the learning process. Students need to report to school and class on time, attend all regularly scheduled classes, remain in class until excused or dismissed, pay attention to instruction, complete assignments to the best of their ability, and ask for help when needed.
2. Avoid behavior that impairs their own or other students' educational achievement. Students should know and avoid the behaviors prohibited by this code, take care of books and other instructional materials, and cooperate with others.
3. Show respect for the knowledge and authority of teachers, administrators, and other school employees. Students must obey reasonable directions, use acceptable and courteous language, avoid being rude, and follow school rules and procedures.
4. Recognize and respect the rights of other students and adults. All students should show concern for and encouragement of the educational achievements and active participation of others.

Disciplinary actions for violations of expected behaviors will include appropriate hearings and reviews. In all cases, the rights of individuals will be ensured and protected. The Camden County School System will make every reasonable effort to administer the discipline code consistently in all schools. When applicable, individualized plans (i.e. IEP, 504, and CST-Child Study Team) will be reviewed for appropriate consequences. Parent involvement through conference is the most desirable avenue for correcting behavioral problems and will be used when possible. Conferences may stand alone or may be used in conjunction with other forms of discipline. Other disciplinary actions subject to the discretion of the principal may include any or all of the following: conferences (may include student, teacher, parents, or outside agencies), detention, work assignments, suspension of privileges, corporal punishment, placement in the alternative school, OSS (1-10 days), or referral to law enforcement. The State of Georgia has written a law which encourages parents and guardians to inform their children on the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

Discipline Glossary & Law Violation Terms – see policy link for definitions - [Policy JCDA-R](#)

TEACHER REPORTING REQUIREMENT

A teacher shall have the authority, consistent with board policy, to manage his or her classroom, discipline students, and refer a student to the principal or his designee to maintain discipline in the classroom. Any teacher who has knowledge that a student has exhibited behavior which violates the student code of conduct and repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his/her class or with the ability of such student's classmates to learn shall file a report of such behavior with the principal or his designee. The principal and teacher shall thereafter follow the procedures set forth in Georgia law, specifically O.C.G.A. ~20-2-737 through 738. The superintendent or designee shall develop procedures as necessary for implementation of this policy and of state law.

STUDENT SUPPORT PROCESS / CHILD STUDY TEAM

Consistent with the agreement reached in [Georgia State Conference of Branches of NAACP v. Georgia](#) (Ollie Marshall Case), the board of education believes that the child study team (CST) is an effective tool for students experiencing problems in school and for assisting teachers in addressing identified problems. The CST provides services through the regular education program, including instructional planning and consultation that includes those individuals responsible for the educational well-being of the instructional process for planning educational delivery systems. Implementation of CST procedures should occur for any student experiencing problems in school before a referral is made to other supplemental or support services. The board of education defines the CST as an interdisciplinary group that shall engage in a six-step process to include: 1) identification of needs; 2) assessment, if necessary; 3) educational plan; 4) implementation; 5) follow-up and support; 6) continuous monitoring and evaluation.

The purpose of the CST is to improve the delivery of instructional services to students experiencing problems of an academic, social, or behavioral nature in school and to serve as a resource for teachers and other educators in the delivery of these services. The superintendent shall develop regulations and procedures for the implementation of this policy.

The CST is an interdisciplinary group that addresses the needs of students having problems in school. Each school shall have a minimum of one student support team and establish support team procedures. The CST shall include at a minimum the referring teacher and at least one of the following participants: principal, general education teacher, counselor, lead teacher, school psychologist, subject area specialist, media specialist, special education teacher, parent, school social worker, central office personnel, or other appropriate personnel.

Documentation of SST activities shall include the following: student's name, name of team members, meeting dates, identification of student needs, any records of assessment, educational plan and implementation results, follow-up, and as appropriate, continuous evaluation.

Guidance Services

The guidance services help provide personal opportunities and specialized staff services so that each individual can develop to the fullest of his/her abilities and capacities. The counselors are available for consultation with students, teachers, and parents concerning students' problems. Personal counseling is one of the main functions of the department. Students with problems come either voluntarily or by referral from teachers, administrators, or parents.

PROGRESSIVE DISCIPLINE PROCESS

A progressive discipline process is an integral part of an effective school system. It helps correct student behavior and helps bring it within acceptable standards, ensuring a safe and productive school. The goal of progressive discipline has three components:

1. To reform the student and bring his or her conduct within acceptable standards,
2. To deter other students from engaging in similar conduct, and
3. To maintain control over the school as a whole and maintain school standards.

STATEMENT OF STUDENT MISCONDUCT

These rules are designed to notify students as to the types and range of behaviors that are unacceptable; nevertheless, every specific variation of the prohibited conduct may not have been included. Consequently, students should expect to be disciplined for misconduct that is inappropriate. A

specific rule need not be written for every conceivable variation of behavior that directly affects the orderly mission of the school. Minor offenses in the classroom, lunchroom, and hallway will be handled at the discretion of the teachers and administrators. Teachers are given authority to assign detention after and before school and during lunch and during recess in elementary schools. Teachers will also conference with students, parents, and administrators as part of disciplinary action taken against disruptive behavior.

Disciplinary Action Plan

Depending upon the age of the student, the administration will choose the age-appropriate discipline plan. Progressive discipline processes and types of consequences used may vary depending upon whether the student attends a high school, middle school, or elementary school. Student discipline is assigned based on the severity and/or frequency of code violations. Serious offenses have more severe, age-appropriate discipline. This means that a serious or major offense should result in a higher level of discipline even if the offense is the first of that kind. Repeated code violations result in the application of higher levels of discipline as determined by the principal or designee.

CONSEQUENCES OF STUDENT MISCONDUCT

Local school administrators have broad discretion to determine consequences for student misconduct at the local school level. The range of consequences for misconduct that can be assigned by a local school administrator may include without limitation, student conference, warning letter, parent conference, lunch detention, before or after school detention, Saturday school detention, bus suspension, ISS, OSS, and alternative school. A student could be referred to a disciplinary tribunal which may result in long-term suspension or expulsion, and depending upon the severity of the offense, juvenile court or law enforcement may be contacted. Administrators must acquire parental permission before administering corporal punishment.

STUDENT BEHAVIOR CODE The following rules apply while students are:

1. on the school grounds at any time;
2. off the school grounds at a school activity, function, or event;
3. enroute to and from school or to or from a school activity, function, or event, on school transportation;

5. activity that could have a direct effect on the orderly function of the school, or is otherwise subject to
6. the jurisdiction of school authorities; and/or
